

INTRODUCING . . .

# ESOGETIC COLORPUNCTURE™

## **A Powerful System of Acu-Light Therapy for Body and Mind**

**1-DAY INTRODUCTORY WORKSHOP  
WITH CORNELIA ELSAESSER**

**April 4th 2020**

**9am to 5:30pm**

### **WHAT IS ESOGETIC COLORPUNCTURE?**

Esogetic Colorpuncture is an advanced healing technology, in which gentle, noninvasive vibrations of colored light are applied to the body via acu-points on the skin.

Developed by a well-known German naturopath named Peter Mandel, this system combines ancient esoteric or spiritual healing principles with concepts of Chinese medicine and modern light biophysics. The system includes treatments that support the natural healing capacities of the body, as well as treatments designed to address the psycho-spiritual roots of sickness and pain.

This 2-day workshop provides an in-depth introduction to the theories of Esogetic Colorpuncture. You will also learn several light treatments that you can begin experimenting with in your practice or using for self healing. There will be opportunities for hands-on practice and personal experience of these light therapies. Please note:

This introduction is the first step for those interested in taking the Esogetic Colorpuncture Basic Practitioner Certification Course coming soon to Minneapolis.

### **Topics to learn about**

- Latest research on how color and light effect both body and psyche
- An overview of the basic principles of Esogetic Colorpuncture
- Introduction to the use of Kirlian photography to assess energetic imbalances
- Instruction in dream zone therapy used to stimulate healing dreams
- Training in basic treatments for hormonal balancing, de-stressing and more
- Experience of the special Esogetic sound therapies

## **ABOUT THE INSTRUCTOR:**

**Cornelia Elsaesser** is Minneapolis's most experienced Esogetic Colorpuncture practitioner. She holds a Diploma in Esogetic Medicine, the most advanced level of certification. She is currently completing her internship as a professional level instructor, under the supervision of the U.S. Esogetic Colorpuncture Institute. Cornelia originally trained as a pediatric nurse in Germany and then, as a Heilpraktica, the German equivalent of a naturopathic doctor. She began her training in Esogetic Colorpuncture in 1999, at the International Mandel Institute, completed a one-month internship in the Mandel Clinic, and continues to update her skills with advanced classes in the U.S. and Germany.

## **CONTINUING EDUCATION CREDIT AVAILABLE**

The U.S. Esogetic Colorpuncture Institute is approved by the National Certification Board for Massage Therapy & Bodywork (NCBTMB) as a continuing education approved provider. This Introductory class provides 7 CE Hours. The U.S. ECI is also approved to provide diplomate recertification to acupuncturists through NCCAOM. This class provides 7 PDA's for acupuncturists.
